Dear Parents and Carers,

Tuesday 7<sup>th</sup> January 2025

Please find the timetable for your child's 'Show and Tell' homework.

Once again this term we will be focusing on the children's talking and sharing of information (recall of facts).

*Public speaking builds confidence in children by encouraging them to express themselves articulately and persuasively. Practising public speaking in a supportive environment enhances a child's ability to convey thoughts, ideas, and emotions clearly and convincingly and as the children grow, the demand for public speaking increases. Having the children present their own research and ideas will build their skills in this area which will give them a good starting point for the future.*

The children will need to research an area of the curriculum, this does not strictly have to be Geography/History based but could be around any area of our curriculum this term. (A curriculum map has been sent home with the children for your information, there is also a copy online on our class page). They will then need to verbally present their findings to the rest of the class. The children are welcome to bring in, or create something **small**, to support their findings, (An object that links to their research, notes, a PowerPoint or slides) but this is not compulsory.

**All children are expected to take part in this.** I do understand that some children will be nervous about this and I will support the children where needed. If required we can practice beforehand so do please encourage your child to speak to me if they would like some support.
