

Science

In Science, we will be focusing on properties and changes of materials. They will learn to identify, classify and group materials by their properties. The children will carry out investigations and experience a range of reversible and irreversible changes.

French

This term we will be learning about French music celebrations. The children will learn to name musical instruments and types of music, expressing opinions about music in extended sentences.

Computing

In our computing lessons, the children will be writing programs and using selection to control outcomes. They will design a quiz in response to a given task and implement it as a program.

English

Books: *Our Tower* by Joseph Coelho and *Alice's Adventures in Wonderland* by Lewis Carroll.

In our English lessons, we will explore the magical genre of fantasy. Our lessons will support the children by building up techniques for describing a fantasy setting and character before creating their own mystical narratives. Later in the term, the children will also have the opportunity to apply their creativity to some non-fiction writing through the form of an instructional text. The children will learn to use a variety of punctuation, sentence structures and linking devices.

'Potions'

Oak Class - Term 3

Maths

We will be starting this term with a focus on decimals and percentages. As part of this, the children will develop their understanding of numbers up to 3 decimal places and will learn equivalences between fractions, decimals and percentages. The children will continue to have the opportunity to demonstrate their knowledge of these areas in concrete, visual and abstract ways, developing reasoning and problem-solving strategies as they learn.

PSHE

This term, the children will be learning about wellbeing. They will learn how to express themselves, consider important values and discuss strategies for managing challenges.

Geography

Within our geography sessions this term, we will learn to use atlases and maps, reading symbols, compass points and grid references in the context of our local area.

Art & Design Technology

In our art lessons, the children will explore portraits before creating their own mixed media self-portrait. In DT, they will learn about food & nutrition by preparing a feast.

Music

In music lessons this term, the children will be learning about the dimensions of music (pulse, rhythm, pitch etc.) through listening to film music, singing and playing instruments.

R.E

In our RE sessions this term we will be learning to explain the place of incarnation and the Messiah within the 'big story' of the Bible.

P.E

Children have PE on Tuesdays and Wednesdays this term. Mr Papper will teach hockey and Mrs Hurter gymnastics.
