

### English

We will be reading a 'Knight's Guide' (Usbourne) and learning to write an information text about how to become a knight! We will be learning how to write a recount of our visit to Bodiam Castle. Finally, we will read 'The Pea and the Princess' by Mini Grey and use this as inspiration to innovate a fairytale of our own.

### Art/DT

In DT we will be joining different materials to make our own castle.

In Art, we will be creating our own tapestry.

### Music

We will learn how events, actions and feelings within stories can be represented by pitch, dynamics and tempo.

### RE

Our big question this term is: *What makes some places sacred to believers?*

We will explore special places where people go to worship and describe the meaning of symbols and objects in a church, mosque and synagogue. worship.

### PSHE

This term we will begin by looking at Life Cycles and then progress on to a unit called 'Changing Me'. We will finish the term talking about transitions, and looking ahead.

### History

We will find out what a castle is and how it is used. We will explore what life was like for different people who lived and worked in a castle. We will understand what the monarchy is and why castles are significant for the royal family. To find out more, we will be going on a visit to Bodiam Castle!

## Castles

### Term 6

This term's value:

**Respect**

### Computing

This term our learning is all about algorithms. We will be giving robots algorithms in order for them to move and create different paths for the robots to take. We will try to debug too!

### Maths

We will begin our learning this term on fractions, particularly of shapes, focussing on one whole, halves, thirds and quarters. We will also begin to understand equivalent fractions.

We will then begin learning about time where Year 1 will learn o'clock, half past, quarter past and quarter to. Year 2 will learn to tell the time to the nearest 5 minute intervals.

Throughout the term we will continue develop our fluency of number and of the 2, 5 and 10 times tables.

### PE

Our PE will continue to be on Thursdays and Fridays. This term we will be focusing on athletic elements in preparation for Sports Day. We will learn how to throw a discus, throw a javelin and how to sprint short distances.

### Science

This term we will be classifying animals into herbivores, omnivores and carnivores. Using this learning we will then begin to create different food chains.

We will also finish our germ spreading experiment that we began in Term 5.
